COMING TO THE OAK RIDGE TRAIL SPRING 2015

Looking for the coveted E2E badge – the symbol of hiking honour for hiking trail enthusiasts?

We are putting together an opportunity to hike the complete Oak Ridges Trail from Airport Road in the west to Castleton in the east. In a series of 13 hikes varying in length from 18 to 25 km at a

moderate to fast pace we will cover the 270 km End to End.

The first hike will be Monday, April 6th, 2015 and continue every second Monday thereafter. Details for the start and end locations and time will be emailed to each registered participant prior to the hike. Shuttles will be managed by the leader. Due to logistics concerns, there will be a limit of 17 participants.

Upon completion you will receive a certificate, the coveted E2E badge (\$3.00 cost) and mention of your success in Trail Talk. But of course, the true satisfaction comes from the realization of your personal goal — and that is the best reward of all.

PRESIDENT'S CHAT

BY WILMA MILLAGE

WOW! While I write this, we are now in August and looking forward to the fall season and the beginning of winter. Is time flying as fast for you as it is for me? Every time I turn around it is a month later than it was yesterday! However, we have been having fun this summer and I hope you have too.

We have a wonderful quarter of hiking adventures coming up with a record number of hikes scheduled! There are 103 hikes scheduled for October through December. With a great team of hike leaders volunteering their time we have a greater variety of hikes as well as a larger number than ever before. This quarter Brian co-led a training session at All Saints church in June where four ORTA folks qualified as new leaders. Brian is now a certified hike leader instructor which will make it easier for us to access training for ORTA volunteers who want to join the hike leader ranks. I hope you will be able to get out on some of the trails with them to enjoy our fabulous fall weather and colours.

Make sure you read the article on our most successful Adventure Relay to date. It is through the efforts of so many of our ORTA volunteers that this event is such a highlight for participants while bringing in funding for ORTA administration and projects.

New things happening on the technology front are the implementation of Pay Pal for on-line payment of membership fees which will make it easier for everyone to renew their memberships without having to send in cheques. Thanks to Frank for doing the major work on programming this important advance for ORTA. Vicky, our new Publicity Director is well on the way to having our website updated, so there is lots to look forward to in the next quarter in that area.

While Brian and I were driving through northern Ontario last month on our return from Calgary, we visited the site of one of our new Trail Talk advertisers – Rock Island Lodge located near Wawa. We spoke with the owner while we toured his gorgeous lakeside facility. He is so passionate about the Lake Superior area and all it has to offer in water sports and hiking that we asked if he would be willing to come down to speak at one of our Discovery Night sessions early in the new year. Garry is working at getting those arrangements finalized, so keep a look out for the announcement for this interesting evening.

Hope you had a wonderful summer and are looking forward to the fall as much as we are.

THANK YOU!

ISRAEL

March 9 to 22, 2015

Fascinating and complex, Israel offers immense diversity. Hike the lush vineyards of the Golan Heights & the deep canyons of the Judean Desert, plus the famed Jesus Trail from Nazareth to the Sea of Galilee. We shall visit Jerusalem, the Dead Sea, Masada, Bethlehem and Tel Aviv, and although this holiday is not religious by design, we cannot help but be immersed in the dominant role it has played for centuries.

CAMINO DE SANTIAGO, SPAIN

April 15 to 27, 2015

The Camino de Santiago is an iconic trek covering some 800km across the north of Spain. Our journey encompasses the last 152km from O'Cebreiro to Santiago de Compostela, and we've included many "extras" as part of the tour in order to make it a complete Galician experience. Thousands of pilgrims have walked before us, and it is time to add your footsteps to this renown trail.

CORFU, GREECE

May 11 to 23, 2015

This Greek island is the perfect combination of European flare and tranquil sea-side living. Hike to the heavens to visit holy monasteries and trek in shade of ancient olive groves. We promise - you will never tire of the deep, deep blue of the sea that surrounds you. Opa! Limoncello anywhere. Come hike in Sorrento, Positano, Amalfi and on the posh island of Capri.

ADVENTURE RELAY REPORT

SPLASH... AND DASH

Our thanks to the three corporate teams: Mercedes Benz Canada, Team Mazda and Golder Associates. They made a great contribution to the spirit and financial success of ORTA's major annual fundraiser. The winner in this category was Mercedes Benz Canada who entered for the first time this year.

Yes, this was the eighth annual ORTA fundraiser. – and the Moraine Adventure Relay just keeps getting better! With 35 teams, of which 3 were corporate, and 120 ORTA volunteers, we were all set to again challenge 160 km of the Moraine on Saturday, June 14, 2014. Funds raised from this event go towards hike leader training, trail maintenance, trail head signage and the administration of our volunteer based organization.

The Herati and MacDonald families again generously hosted the starting location and provided the pontoon safety boats for the 8km canoe leg from Gore's Landing to Bewdley on Rice Lake. After introductions and the "Parade of Paddlers" led by the Scottish piper, the canoes set off in 3 flights.

It was a true "adventure" as wavy conditions on Rice Lake often meant 'paddle, bail – swim' ... as the rescue boat crews got a workout. Luckily the water was warm this year!

ORTA volunteers on safety boats and at the 15 checkpoints made all the difference as they assisted, welcomed, and directed new and repeat competitors throughout the day. The enthusiasm exhibited by the teams was ample reward – but one team leader personally delivered a "Thank You" note to every checkpoint! Thank you all for a great event!

The overall winner for the second year in the Elite division was the TRCA Racer Team, pursued furiously by the Durham Mountain Bike Association Trail Blazers (champions in 4 previous years). The Recreational division winner was Uxbridge's own Terrained -In-Vain.

The excellent work done by the Organizing Committee and the increased publicity received across the Moraine has created a greater awareness of the services provided by ORTA, such as hike leaders who introduce the public to the benefits of walking and social contact while hiking on the Oak Ridges Moraine Trail.

See you next year!

Catch up on 'off trail' socializing. ORTA members and the public are invited to come along and bring a friend!

Thursday October 16, 2014 Invasive Species in York Region

Invasive Species are the second biggest threat to the earth's biodiversity behind habitat loss. Learn about the most threatening invaders to York Region including the Emerald Ash Borer, Asian Long-horned Beetle, Dog-strangling vine and Japanese Knotweed. Learn why they need to be stopped, and what you can do to help. Presented by Tracey Bowman, York Region Forest, Invasive Species Specialist.

If you have specific questions on this topic, you can submit them in advance and Stacey will try to address them during her presentation. Submit through: gcniece@gmail.com

Thursday November 20, 2014 Turkey Odyssey

Join us for a ramble through ancient history in the land of the Turks. Like walking through a timewarp, you will see the remains of many civilizations blended with modern day living. The geography is unique in many areas. Sip apple tea, as the turks do, while you watch. Presented by Wilma Millage, ORTA President.

There is no Discovery Night in December.

JOIN THE DISCOVERY NIGHT TEAM:

Help us continue to bring fun and informative evenings to ORTA and the community at large. Many hands make light work, as they say. Please lend a hand to secure lively speakers, organize the night's smooth running and keep the Discovery Night tradition active.

Do you or someone you know have a great story to share? You could be an upcoming Discovery Night speaker. Let us know!

GOLDIE FELDMAN RESERVE - HAPPY VALLEY

BY THOMAS UNRAU, CONSERVATION TECHNICIAN, NATURE CONSERVANCY OF CANADA

I've been fortunate to spend my whole serious working life on the trail. While for many of us a hike is a pleasant way to spend a weekend with friends and family, for six seasons I got paid to haul chainsaws into the bush, to swing pulaskis on bench cut trails and to build bridges over wilderness rivers. Anyone who has been to Lake Superior Provincial Park can attest to the majesty that was my office everyday (and over many nights).

When I moved down south and took a job in King City with the Nature Conservancy of Canada, I assumed my days spent on the trail were over. I was trying to move into a career where I could have a bigger positive impact on the natural world than maintaining trails for backpackers. The NCC is a national not-for-profit organization dedicated to preserving land in Canada. Through scientific methods we outline areas that represent important areas of biodiversity and target these for protection. We protect 2.7 million acres of land across Canada. This land is now protected forever, and that number is growing. I'm ecstatic to work with the NCC and to play a part in protecting nature in Canada.

Although I thought I was moving away from trails and towards other aspects of conservation, when I got to the Goldie Feldman Reserve Valley Natural Area, north of Vaughn, I found that managing trails in the forest would be one of my main tasks. When I'm not monitoring endangered species or managing invasive plants, like garlic mustard or dog strangling vine, I'm trying to make sense of the trails that we acquired when we bought these properties to protect them. Looking at our maps on my first day, the GPSed trail map looked like a bowl of spaghetti. The trails bring us through some of the largest most intact upland hardwood forests on the moraine. I heard stories of ATVs ripping through walking trails, and saw trail erosion wiping areas clean of vegetation. We want to invite people to the forest, to experience its tranquility and beauty, but without compromising the health of the forest or the lives of endangered species that call the forest home. Continuous, undisturbed forests are important for many species that have relied on these specific 'core' habitats since long before they became scarce on the landscape. And for us non-endangered species, beyond their beauty we experience when we move through them on the trails, intact forests clean our water and air and provide other such 'ecosystem services'.

With this in mind, trails and protection are at times a fine line to tread. I'm sure we've all walked in areas that have been loved to death—areas clearly in need of less traffic or better routed trails. To mitigate some of the problems in the core forest area, we're developing a few kilometers of publicly accessible trails on our outlying Goldie Feldman property. The trails wind through several different forest types and provide a good opportunity to explore the biological and geological features typical of the moraine. I'm excited to have a hand in the creation of these trails and think they'll have a positive impact on conservation in the region, connecting people with a sustainable experience of the Happy Valley Forest. Although official ORTA hikes will still be led through specified routes in the core forest, we encourage the general public to visit this less sensitive and more sustainably devised trail system.

Having spent many days this summer working on the property that these new trails travel, I can attest that the area is stunning. To be honest, coming from Northern Ontario I expected to be underwhelmed by the forests in the south, but my time on the Feldman trails have provided me with many phenomenal experiences in the forest from working hard on the trail and splashing my face with groundwater freshly sprung from the moraine to lying among wildflowers under an ancient maple tree or introducing city slickers to forest mushrooms on a guided walk. The trails in Goldie Feldman will take you into some special moments, if you're willing to look for them.

The Goldie Feldman Nature Reserve is located at: 4093-17th Sdrd, King Township; west off Weston Rd; park at green farm gates and walk in.

EAST CROSS FOREST – TRAIL OPENING

BY GARRY NIECE, WITH ACKNOWLEDGMENT TO KAWARTHA
CONSERVATION PUBLISHED MATERIAL

ORTA representatives, John Vogels and Garry Niece at East
Cross Forest -Trail Opening

Durham East Cross Forest Conservation Area is located in the southeastern area of the Township of Scugog, near the headwaters of the East Cross Creek.

It has a rather checkered and unsavory history. Once locally known as Test Hill, the area, and many nearby properties, suffered negative impacts from off-road motorized

vehicles, dumping (tires, stolen and abandoned vehicles, hazardous waste), beer parties and other illegal activities. Policing was an ongoing concern.

In 2002, to develop a long-term strategy to address these issues, the Township of Scugog established a Task Force composed of many concerned groups and local citizens. In 2005, Kawartha Conservation was given the lead role — to hold title to future properties and manage them as a conservation area. A security group was contracted to patrol the property and enforce the Trespass to Property Act.

Community cleanups began in 2007. Volunteers collected over 60 cubic yards of garbage, a number of abandoned cars and hazardous waste. The next year, volunteers collected 120 cubic yards of garbage, 3 drums of hazardous wastes, 100 tires, 3 old cars and 4 tonnes of scrap metal.

In May 2009, a management plan for a multi-use conservation area was finalized and is currently being implemented. Heavily damaged sections of the land are being restored; rehabilitation and management of land is ongoing to protect groundwater, a variety of plant species, and cold-water fish habitat. Construction of sustainable trails and structures is progressing. The goal is to ensure sensitive ecological features are protected, while providing opportunities for the community to engage in low-impact recreational activities, such as hiking, bicycling, horseback riding, cross-country skiing and environmental education.

Durham East Cross Forest Conservation Area was officially opened to the public on June 25, 2009. In June 2014, the official opening of additional trails and a second parking lot was held. On a glorious sunny day, representatives from many organizations gathered to commemorate the event—including relevant municipalities, politicians, conservation authorities, the Nature Conservancy of Canada, the Oak Ridges Moraine Land Trust and the Oak Ridges Trail Association. ORTA was represented by Garry Niece, Trail Director, and John Vogels, who lives in the area and is very familiar with the conservation area.

2015 FULLY ESCORTED HIKING TOURS

by Bob Scarfone & Vision Travel Group

NEWFOUNDLAND – July 6 to 18, 2015

We are happy to present our tour of Newfoundland, filled with hiking and sightseeing. Our first four nights will on the west coast to explore Gros Morne and up into L'Anse aux Meadows. We then head to Twillingate for the next four nights to visit "our area" of Newfoundland. Here you will visit some local sites that most tourists will never see. Finally, we are off to St. John's (with a stop in Terra Nova Park) for the final nights of our tour. Tentative cost is **\$2995** plus air fare, approximately \$650

ITALY, THE DOLOMITES –

Sept 18 to Oct 3, 2015

This trip has been going for more than 10 years now and is one of the best value hiking trips anywhere! We will spend two weeks exploring the hiking and cycling trails of the Dolomites, with our home base of Dobbiaco. The tentative cost of this trip is **\$3425** per person, based on double occupancy. Your cost includes air fare from Toronto, transfers in Italy, accommodation with breakfast and dinner daily, local transit pass for two weeks.

INDIVIDUAL VACATIONS - ANYTIME

I can also help plan individual vacations. Whether it's an "active" vacation, river cruise in Europe or elsewhere, vacation packages south, or a coach tour through Europe. I have been in the travel business for over 30 years and can assist with all your travel arrangements.

HIKE ONTARIO SUMMIT

To all Friends of the Trail,

On behalf of Hike Ontario, the Guelph Hiking Trail Club invites you to take part in the 40th Annual Hike Ontario Summit. Join us on the banks of the Speed River for our kick-off Friday pub night, a dynamic Saturday program, and a Sunday of great hikes on our beautiful trails. Take this opportunity to learn about new hiking initiatives, check out the latest equipment, participate in stimulating workshops, share experiences with hikers from different Ontario clubs, and celebrate HO's 40th birthday!

Mark your calendars! See you in Guelph on Oct 31 - Nov 2!

INTRODUCING JOHN FUCHS- NEW HIKE LEADER

BY BRIAN MILLAGE

John Fuchs and his hike group from the Dainty Clarke hike
Photo Credit: Frank Alexander

Early in June, John Fuchs received his certification as an ORTA/Hike Ontario leader along with Malcolm Hann, Carolyn Mancey and several other candidates. Many of you already know John well as he has participated in ORTA hikes for almost ten years now. John lives in Newmarket but enjoys hiking several times a week in a variety of locations from Hockley Valley to Uxbridge and beyond. John is a traveller who has shared some of his adventures with us through presentations at ORTA Discovery Nights. One of those involved a trip to Morocco where John retraced some family history in areas where his father had served with the French Foreign Legion.

After earning his certification, John wasted no time getting involved as he stepped in to lead for one established leader who was called away unexpectedly. Some of his fellow ORTA hikers made that first hike "interesting" for John, in a good natured way. He met all challenges with a smile. John has decided to lead a series of moderate speed hikes on the Oak Ridges Moraine Trail, some of which will be Friday morning outings while others will be on Sundays. I always enjoy hiking with John as he is welcoming, considerate of the needs of his group and has many stories to share. I'm sure you will enjoy his hikes too.

EMERALD ASH BORER WORKSHOPS FOR LANDOWNERS

All ash trees in Ontario are at risk from the Emerald Ash Borer (EAB), an invasive insect that attacks and kills ash trees. Now is the time to prepare for the potentially devastating impact of EAB. Discover how EAB will affect your forest and what approaches you can take to minimize its impact. Talk with experts and learn about resources on woodlot management at a free workshop offered by York Region in partnership with Forests Ontario. Workshops will be held from 7 to 9 p.m. at the Lemonville Community Centre in Whitchurch-Stouffville on September 22, and at the Mount Albert Lions Community Centre in East Gwillimbury on October 6. For more information and to register, visit www.york.ca/eab

ORTA MEMBERS ABROAD

HEATHER COOPER - At last! I've always dreamed of seeing the famous sights of Yosemite, and here I am with both El Capitan and Half Dome in the background. I admit our hectic exploration of mountain roads left no time for actual hiking.
